

STEEL MEN WON'T CUT  
THEIR WAGE SCALE.AMALGAMATED ASSOCIATION  
DEMAND FORMER PRICES.

Big Convention Opens in Cleveland To-day, with a Speech of Welcome by Mayor Blee and a Response by President Garland—Coal Miners Are Very Determined.

CLEVELAND, May 15.—Delegates to the Amalgamated Association of iron and steel workers were welcomed at 10 o'clock this morning in Convention hall by Mayor Blee. President Garland responded and the convention went into executive session. The scale of wages for the organized iron and steel workers of the United States for the years 1894-'95 will be adopted. The prevailing opinion among the delegates is that a higher scale of wages will be adopted than at present prevails.

OWNERS MUST COME TO TIME. Miners Say This Is the Only Alternative That Is Offered.

CLEVELAND, Ohio, May 15.—The American Miners' convention which opened yesterday is largely attended. The work was secret. As to the likelihood of a compromise being effected at to-day's conference with the mine owners, President McBride voices the sentiment of the convention in the following words to the press.

"We did not come here for a compromise and thus far we have no such word in our vocabulary. Nothing short of what we ask will give the miners living wages and for that we contend. We can hold out for three months, but we have no desire to do so. For that reason we came to this conference."

Mr. McBride would not for a moment consider the effect of settlement in different localities without reference to what is done elsewhere. "The only condition under which work will be resumed," he contended, "is a settlement for all the states, as was originally announced."

The declaration means that the miners and the operators of the Pittsburgh district are as far apart as possible. The latter decided at their conference in Pittsburgh on Friday that they would not participate in the convention to be held here, and, further, that they would settle with their men without consulting the officers of the United Mine Workers. The feeling of independence manifested by the miners yesterday and in their small caucuses early today does not appear to indicate a settlement without a friction. A number of the delegates said that the conference would be of very short duration if the operators insisted upon compromise. The operators of mines in the Ohio fields have all along signified their willingness to make a settlement with their men through their national organization and the Pittsburgh-district men are not backward in asserting that the Ohio operators are backing the strikers, hoping that the miners will force the Pittsburghers to pay a rate of 75 cents, which will give the Hocking Valley and Jackson operators a differential of 1 1/2 cents a ton in their favor, 9 cents being on the mining rate and 2 1/2 cents on the freight rate.

MASSILLON, Ohio, May 15.—Massillon district coal operators met yesterday and decided to act as a unit at the Cleveland convention. The Massillon operators favor an increase in the scale rate and think it should be about 65 cents in the Pittsburgh districts and 60 cents in Ohio. They are not at all sanguine of a national settlement today.

## FUEL IS VERY SCARCE.

New York Central Forced to Take Off  
Many Trains.

ALBANY, N. Y., May 15.—Since Saturday twelve trains have been taken off this division of the New York Central railroad and more will be dropped today because of lack of soft coal. To-day all switch engines in the East and West Albany yards began burning wood. In East Albany, where all passenger engines that run between Albany and New York take their supply, fifteen cars of coal are on hand, which is sufficient for only one or two days. Saturday night five shifting engines in service at the West Albany shifting yards and three service trains were taken off. Yesterday only five freight trains left West Albany bound west. Seven small fast freight trains left for New York. The track men have received orders to collect all ties and other wood lying along the line of the road for use for fuel.

## Alabama Operators Win a Victory.

BIRMINGHAM, Ala., May 15.—The coal operators scored a great victory yesterday when 200 negroes were put to work at Brookside by the Sloss Iron and Steel company. The negroes were taken out on a special train and were protected by a guard of fifty deputy sheriffs. The negroes were allowed to enter the mines unmolested save by the jeers and cries of a mob of the miners' wives and daughters. This action in Brookside will be repeated in several parts of the district this week. The operators seem to have virtually won the day.

## Looks Like a Lockout.

DECATUR, Ill., May 15.—A new move on the part of the operators of the coal mines here has excited considerable comment. Last Saturday afternoon the strikers were paid off and

ordered to take their tools out of the mines. At the same time the mules were hoisted from the pit and put out to pasture. It is said that this means an indefinite lockout.

Strikers Building a Fort. CRIPPLE CREEK, Colo., May 15.—The striking miners are building a fort at the summit of Bull hill, a strategic point, commanding a clear view of the Victor and other mines whose owners refuse to pay the union scale of wages and who, it is reported, are preparing to resume work with non-union men protected with an armed force.

Railroad Seizes Coal. SANDUSKY, Ohio, May 15.—Forty-six cars of coal, consigned by the Wheeler Coal company of this city to various points on the Baltimore & Ohio railroad, were seized yesterday by the railroad company for use on the road.

Strike at National Tube Works. MCKEESPORT, Pa., May 15.—The whole force of the National tube works is on a strike. The number now out is 3,200.

## MUSTER OF VETERANS.

Thousands of Illinois Grand Army Men Throng Rockford.

ROCKFORD, Ill., May 15.—Delegations of the Grand Army of the Republic began to arrive early yesterday morning, some coming from the remote southern sections of the state, and they were met by hospitable members of the reception committee. The strangers seemed to be gratified at the manner in which they were received. This is the first time in years that the encampment has been held in northern Illinois, and many members of the organization have not been able to attend. They will wake up for it this year, and every post within a radius of 100 miles or more will be represented by large delegations. The people from Rockford propose to care for their guests in excellent style.

The week's program begins with the parade at 3 o'clock this afternoon, which will be reviewed by Commander-in-Chief Adams, Commander Blodgett and staff, and other Grand Army notables from the court house steps. The sensible plan of cutting short the line of march was adopted and only a few of the principal streets will be graced by the procession.

The fight for office has not yet fully developed, but it promises to prove sharp and exciting during the few days it will last. Another fight, and one that is invariably warm at these encampments, is over the location for the next meeting. The candidates this year are Quincy and Bloomington. Each will send a committee of business men to work for the honor.

## ILLINOIS HOUSES SWEEP AWAY

Storm at Glenburn Assumes the Proportions of a Waterspout.

DANVILLE, Ill., May 15.—A thunder and rain storm of unparalleled velocity passed over this region yesterday afternoon. At Glenburn, a mining settlement, eight miles west, with a population of 300, it assumed proportions of a waterspout. The water rushed down the valley as though a reservoir had broken. The residents had barely time to escape to high land. Several houses were washed away with all bridges in the neighborhood. Several visitors to the circus in this city were unable to get back last night. Reports are meager and it is not known whether there was any loss of life.

## BRECKINRIDGE IS OUT.

Expelled by the Directors of the Union League Club.

CHICAGO, May 15.—Directors of the Union League club voted yesterday to expel Congressman W. C. P. Breckinridge from honorary membership.

This action was unanimous among those directors who were present at the meeting. President Wilson was not present.

Breckinridge is given one month in which to prepare his defense if he cares to hand one in. It is not believed that he will do so. The action of the directors is believed to be generally satisfactory among the club's members.

## TO OPEN A BIG TUNNEL.

The Susquehanna & Western's \$3,000,000 Structure Is Complete.

FAIRVIEW, N. J., May 15.—The new tunnel through the Palisades, built by the Susquehanna & Western railroad, costing \$3,000,000, is completed and will be formally opened for coal traffic to-day. The tunnel is nearly two miles long. Work was begun on it about eighteen months ago. Twelve Italians were killed about six months ago by the falling of a part of the trestle.

KELLY'S FLOATERS  
LEAVE OTTUMWA.TWO HUNDRED OFFICERS PRE-  
SERVE ORDER.

The Warning Given by Mayor and Aldermen Is Respected—Train Stealers Sentenced to Six Months—Women on a Stolen Freight—Randall Deserted in Indiana.

OTTUMWA, Ia., May 15.—Kelly's army resumed its river journey at noon. There was no disorder, the city being guarded by two hundred extra officers and the army being kept some distance beyond the limits. The mayor and city council met Kelly's navy at Eddyville and told him they could expect provisions if they passed through the city and camped three miles below. If not they could not enter the city. Kelly accepted the terms named.

HELENA, Mont., May 15.—Judge Knowles in the United States District court yesterday disposed of the 350 Coxeyites who stole a Northern Pacific train in Butte early the morning of April 24. Hogan, the man in command of the army, was sentenced to six months in the county jail; the engineer and fireman who ran the train and the forty captains and lieutenants were given thirty days each in the county jail. The other 300 will be brought into court in squads of thirty and upon pleading their word not to engage in any more such proceedings the judge will turn them loose.

## QUIT THEIR LEADER.

Randall's Army Cries Out for More Corn and Less Husbands.

GOSHEN, Ind., May 15.—A part of Randall's army camped under the trees in Studebaker's park deserted the ranks last night. This is the second Monday since Randall has been out that a desertion has taken place. A week ago Sullivan, with nearly 100 men, started out on an independent march. The roll call this morning showed that only 250 men were in the ranks. Before the order to march was given Randall addressed the army. He said he was not sorry the men who sneaked away at night had gone. It was better they leave now than later on. But he urged the men who stood by him to stand together and take "pot luck." He said he would push right ahead and expected to reach Washington July 4. Yesterday's march of ten miles was made in four hours. Two men dropped out. Goshen was reached at noon. Randall expected to be received by a squad of police, but he was disappointed. No one paid any attention to the army until it had passed half way through town. Deputy Sheriff Chatten and Marshal Self then drove up to Randall and told him he and his army would be as free as birds if they would only go away in the morning.

## Asks the President for Soldiers.

GREEN RIVER, Wyo., May 15.—United States Marshal Rankin has asked the President for the troops at Fort Russell to stop the commonwealth army from Montpelier, Idaho, coming over on the Oregon Short Line train, captured by the marshal of Idaho.

GREENSBURG, Pa., May 15.—Galvin's army is on the verge of starvation. Last night Galvin informed the mayor that unless food was given within a few hours he would turn his men loose to prey upon the town.

## Women Ride on a Captured Train.

WASHINGTON, Iowa, May 15.—An army of commonwealthers 150 strong, fifty of which were women, captured a train here yesterday morning and pulled out of the city at 8 o'clock under the direction of Commander Bill Beamer.

## Carter's Men Straggling.

GRAND JUNCTION, Colo., May 15.—Carter's commonwealthers, whose leaders are arrested in Utah for stealing a train, are straggling into this city. They intend to reorganize here and go East via Pueblo, and they declare they will not walk.

## SETTLED THE GRIEVANCE.

Great Northern Arbitration Board Favors the Trainmen.

ST. PAUL, Minn., May 15.—The Great Northern grievance committee held a meeting yesterday afternoon with a committee of the board of arbitration, and at its conclusion the board submitted a statement, giving its construction of the decision by which the strike was ended. This was sent to President Hill and to the employees.

The former said that while it differed in some particulars from his understanding he would be governed by it. The employees have not yet returned an answer. They were in executive session late yesterday, but will await the arrival of Mr. Debs and first submit their answers to him and to the board of directors of the American Railway Union who have been called here.

## Palmyra, Neb., Almost Destroyed.

BATON ROUGE, La., May 15.—The general assembly yesterday elected Senator Caffery for the long term to the United States senate, beginning March 5, 1895.

EMPEROR HELPS PAY

## Bound to Die Somehow.

PARIS, May 15.—At Eperon a man named Godfroy, a member of the local government, and his wife attempted to commit suicide by inhaling the fumes of charcoal. The woman died, but Godfroy was little affected by the fumes. Failing to kill himself in that way he blew out his brains with a shotgun.

## Miners in Conference at Berlin.

BERLIN, May 15.—The miners' international congress opened here yesterday. About eighty delegates were present, including thirty-nine from Great Britain, ten from Belgium, five from France, and two from Austria. The general public was admitted to the body of the hall on the payment of a small fee. After the election of officers the congress adjourned until to-day.

## COMPROMISE ON THE TARIFF.

Senator Davis Wants Retaliatory Duties—Extension of Postal Laws.

WASHINGTON, May 15.—Representative Sayers of Texas has introduced a resolution making it in order of any general appropriation bill to consider as an amendment thereto a provision for the repeal of the sugar bounty clause of the McKinley act. The resolution was referred to the rules committee. It differs from others of similar import heretofore introduced in that such an amendment may be offered by any one and does not require it to be reported from a committee.

Senator Davis gave notice of an amendment to the tariff bill providing for retaliatory duties upon silks, velvets, plushes, and laces, and all manufactures of these articles, and also against countries imposing discriminating or prohibitory duties upon grain or its products or other agricultural productions exported from the United States.

## COMPROMISE AMENDMENTS.

Alterations Made in the Tariff Bill Yesterday.

WASHINGTON, May 15.—After some business of no general importance had been dispatched yesterday in the senate the tariff bill was taken up. Mr. Platt (rep., Conn.) said that despite the fact that for years this chamber had rung with a democratic denunciation of the sugar trust the democrats, save and except one, had agreed, so he understood, in caucus to vote for a prohibitive duty on refined sugars. Mr. Platt's observations ruffled some of the democrats and he was soon engaged in a controversy with Harris and Vest. Finally Mr. Gallinger (rep., N. H.) got the floor. At the conclusion of Mr. Gallinger's remarks the amendment fixing the duty on alum at four-tenths of a cent was agreed to without division, as was the next Jones amendment fixing the duty on carbonate of ammonia 20 per cent, muriate of or sal ammoniac at 10 per cent, and sulphate of ammonia at 20 per cent. The next finance committee amendment fixing the duty on bone charcoal suitable for decolorizing sugar at 20 per cent was also agreed to.

Other unimportant amendments were defeated and adopted, and as it was then ten minutes of 6 o'clock, and Mr. Allison suggested an executive session. Mr. Jones wanted the senate to sit an hour longer. Mr. Harris arose and rejected both suggestions. Accordingly at 5:35 the senate adjourned.

## WILL DO NOTHING HASTY.

Thorough Debate of the Tariff Bill Decided On.

WASHINGTON, May 15.—It was past midnight when the caucus of republican senators at the Hon. John Sherman's residence adjourned, every member of the minority in the city being in attendance. Messrs. Cullom, Washburn and Wolcott, all of whom are absent from Washington, either on account of ill health of themselves or members of their families, were the only republicans who did not participate in the evening's deliberations. As a result of nearly four hours' discussion it was determined that legitimate debate must be allowed on legitimate amendments, although filibustering was to be eschewed. The important decision of the conference was that the bill should be beaten if possible. The caucus appeared to be about evenly divided in the sentiment on this question. Senators Aldrich, Chandler, Frye and others contended that the bill could be defeated. Some of them declare that four or five democratic votes could be counted on as opposed to the bill, while one of those present went so far as to say that he was assured of the opposition of at least seven democratic senators.

## There was also an exchange of views on the policy of republicans voting for

the democratic amendments, but the only agreement reached upon this point was to allow for the present individual republican senators to act in accordance with their own inclinations.

## CRANK DISTURBS THE HOUSE.

A Negro Attempts to Make a Speech, But Is Soon Ejected.

WASHINGTON, May 15.—The even tenor of the business of the house yesterday was interrupted by a burly negro in the center of the gallery arising and shouting: "Mr. Speaker of the House of Representatives." The speaker directed the doorkeeper to remove the man. He was of powerful physique, however, and the doorkeeper was unable to oust him for some time, the negro endeavoring to deliver his alleged divinely inspired message, to the effect that the Lord had commanded him to come to the speaker of the house and order him to pass the Coxey bills. Other portions of his message referred to the capitol, the white house and the treasury, but the exact purport was not learned in the confusion. The interloper was finally ejected, and when the confusion had subsided business was resumed. Several unimportant bills were passed.

WRECKS ON THE ROAD

It is not thought any of the wounded passengers will die.

## ILLINOIS APPOINTMENT.

The Case Being Fought in Vermillion County Circuit Court.

DANVILLE, Ill., May 15.—The suit brought in the Circuit court of Vermillion county to test the constitutionality of the senatorial apportionment of 1893 is on trial before Judge Bookwalter. Its argument will occupy the attention of the court to-day and probably Wednesday as well. A decision is expected not later than Saturday. Judge Bookwalter yesterday refused to allow the filing of a cross-petition by William M. Bines. The judge held that Bines was neither plaintiff nor defendant in the case, nor had he any right which would entitle him to file a cross-petition. The case was then taken up for hearing, Capt. Hunt leading off for the plaintiff.

He was followed by Delos P. Phelps, chairman of the democratic state central committee. He held in brief that the court had no jurisdiction of the subject matter of the suit, and cited authorities to show that courts should not seek to infringe on or set aside constitutional provisions on their own volition or at the instance of volunteer litigants who were no more affected by the legislature's enactment than any other citizen. His argument continued until the adjournment of the court.

## Mr. Calhoun will address the court

this morning for the plaintiff, and be followed by Mr. Wilson, Mr. Kimbrough, Attorney-General Moloney and Capt. Hunt in the order named.

## UTTERED THEIR PROTEST.

Anti-Breckinridge Gathering at Lexington, Ky.

LEXINGTON, Ky., May 15.—The meeting at the opera house yesterday to protest against Breckinridge's candidacy was attended by a crowd. Scores of leading women occupied boxes and seats in the house. The best people of Lexington and Fayette county turned out, and the meeting, from a standpoint of morality, was a tremendous success. The opera house was filled and 500 people were turned away. Prof. J. W. McGarvey, an eminent minister of the Christian church, was the first speaker, and he showed Col. Breckinridge up in no favorable light. He held that it would be a disgrace to the district, to the state and to the country to return such a man to congress, and closed his speech by a strong appeal to the young men to vote against him. Resolutions were adopted denouncing Breckinridge's morals and calling on the good people of the district to rise up in their might and vote against the silver-tongued persuader. When Harry C. Clay got up and offered a resolution not only denouncing Breckinridge's morals, but asking that Senator J. C. S. Blackburn be asked to obtain leave of absence from the senate and that he come home and from the rostrum speak against Breckinridge, the audience went wild. Col. Breckinridge's friends are confident that he will be elected and say the meeting of yesterday in no way represents the general sentiment of the district.

## Seven Hundred on the Trail.

LA PLATA, Mo., May 15.—William R. and George Taylor, who murdered Gus Meeks, his wife and two children four miles southeast of Brownsville last Thursday, were seen near Wencker, in the southeast corner of Sullivan county, early this morning. They were traveling southeast. Unless the Taylors are captured to-night there will be from 1,000 to 1,500 people out after them to-morrow morning. The criminals are walking, having left their horses to hide from the officers.

PAVING BY SQUARES ON MAIN STREET.

"CROSSWALKS" ORDERED TO COVER THE ROADWAY.

Cedar Blocks Can Be Bought Cheaper Than at Present, the Aldermen Believe—Want St. Mary's Avenue Vacated—Bridge Paint a Subject of Debate.

The paving on East Milwaukee street gradually creeps toward the top of the hill. The building of three extra wide block cross walks, two across Main street on either side of East Milwaukee, and one across East Milwaukee on the east side of Main, were ordered last night. The two walks across Main street are to be increased in breadth so as to reach the track of the street railway, thus completely paving the square made by the intersection of the two streets, and forming an extension of the pavement now being laid on East Milwaukee street to the east line of Main street. This improvement was ordered at a special meeting of the common council held last evening, the orders being presented by Aldermen Rich and Sutherland.

A petition, signed by a number of property owners on St. Mary's avenue asking for the vacation of a portion of that street at the east end, was referred to the highway street and bridge committee.

Alderman Rich of the bridge committee, stated that the committee had investigated the matter of painting the iron bridge at Monterey, and were of the opinion that graphite paint, costing about \$50 would be the best paint, as it would last ten years, while other or mineral paint would have to be renewed in two years. The matter was left with the committee.

Alderman Winslow informed the council that the city was paying too high a price for posts, that \$20 could have been saved in paving East Milwaukee street had the posts been purchased of some other dealers. The post question was debated at some length, the point was raised as to whether cedar posts could be called "lumber," and as such come under the lumber contract. The majority held that posts were not lumber, and that the street commissioner could purchase them where he could purchase the cheapest, regardless of the lumber contract. Alderman Rich thought it would be economy for the city to buy a quantity of posts of first hands.

"The posts would cost us about eight cents apiece, while we are now paying nineteen cents," said he.

SECOND BOX FACTORY BLAZE.

Fire Starts in the Boiler Room But Does Little Damage.

There was a big fire scare at the cigar box factory of John Thoroughgood & Company, corner of Prospect avenue and North Main street last night at 8:30 o'clock. Fire was discovered in the boiler room at the rear of the large building, the flames reflecting in such manner as to make the whole upper floors appear on fire. The fire department responded quickly, to a call from box 28, and soon had the fire squelched. It appears that the fire originated in the boiler room near a deck, under which a number of old oil cans had been stored away. Spontaneous combustion is probable. The flame from the oil and wood communicated to the wooden spout leading from the shaving bin, and then to the woodwork of the roof. The damage will amount to some two or three hundred dollars, covered by an insurance of \$12,000.

JENKIN LLOYD JONES' JUMP.

Deserts the Unitarians for a Church of Free Thought.

Milwaukee Unitarians are somewhat surprised to learn that Jenkin Lloyd Jones, pastor of the All Souls Unitarian church in Chicago, has withdrawn from the denomination and will organize a new church of free thought without creed or doctrine. Mr. Jones, who was formerly pastor of All Souls church in this city, is pretty widely known as a leader of original thought on semi-religious subjects. He proposes to have his new church an eight-story building with gymnasium, bath rooms, reading rooms, with four floors devoted to lodgings. The eighth floor will contain a banquet and amusement hall and the parsonage.

A New Postmaster.

George Heyndricks has been appointed post master at Columbus, Clark Co. This beautiful town is growing very fast. It is in the heart of Clark Co., and by the way 16 new houses have been built and 125 new

settlers located in Clark County during the last four weeks. Settlers are going there very fast and when a person can get better land within a half days ride of Janesville, than can be bought in California for four times as much money, why go to California. See the C. S. Graves Land Co. for further particulars.

S. L. WILSON IN THE ASYLUM.

Young Telegraph Student Makes Fourth of July Speeches.

"I am here against my will," said S. L. Wilson to the superintendent of Mendota Insane hospital last evening when he was introduced by Sheriff Bear on arriving at the hospital.

"I presume so," replied the superintendent. "All people who come here as you do say the same thing."

Before leaving for the hospital, Wilson wrote the following letter to Mayor Thoroughgood:

JANESVILLE, Wis., 13th MAY, 1894. TO THE MAYOR OF JANESVILLE: DEAR SIR: I am a British subject, a resident of the town of Harrison, Ontario, Canada, of which aforesaid town Alex. Yule is mayor; have been and am now incarcerated in your prison here in Janesville, Wis., without any cause made known to me either by writ or word of mouth. I hereby respectfully request you to make an immediate investigation and urgently request my immediate release. Yours very truly, SAMUEL L. WILSON.

Reference—The Rock County Bank of Janesville, Wis. An immediate reply is urgently requested as this incarceration is odious. S. L. W.

Letters in possession of the unfortunate student confirmed all that was said in relation to his identity. There appears no doubt that his trouble is the result of over study, and that he will soon recover.

FOURTH WILL USE UP \$1,000.

People From All Parts of Southern Wisconsin Will Be Drawn.

The start on a \$1,000 Fourth of July fund was made today. The finance committee is making the rounds and business men should be prepared to meet them cordially and not let them go away empty-handed.

A committee on decoration was appointed at last night's meeting, consisting of Robert M. Bostwick, Will P. Sayles, Fred M. Marzluft and W. E. Evenson. This committee will have charge of the decorating of the speaker's stand and also of the street decorations. The meeting was held at the office of George L. and Sarah H. Carrington. The attendance was good and considerable interest was manifested.

The matter of a speaker for the occasion was brought up and discussed. Several prominent gentlemen are being considered by the committee, and it is safe to say that a good man will be found. The committee will meet again next Thursday night to hear the report of the finance committee.

LECTURE WAS AN ABLE ONE.

Rev. Dr. Eaton's Address in the Epworth League Course.

"How Worlds Are Born and How They Die," was Dr. E. L. Eaton's subject at the first M. E. church last evening. It was one with which Mr. Eaton was thoroughly at home, and he delivered a discourse of strength and interest. His name was the fourth on the Epworth League course. The last lecture will be by Rev. W. D. Cole, of White-water, son of Rev. J. D. Cole. His subject will be Abraham Lincoln.

VETERAN HOTEL MAN HAS PASSED AWAY.

COLONEL WOOD DEAD IN EVANSVILLE AGED 73.

Editorial War Raging—Village Officers Kept Busy Filing Resignations—Milton Boy's Head Gashed with an Ax—Cookville Men Hurt in a Runaway.

EVANSVILLE, May 15.—Colonel C. E. Wood, owner and late proprietor of the Central House died suddenly Saturday May 12th at 10:30 p. m. Heart failure caused by dropsy was the immediate cause of his death. Colonel Wood was born in Scipio, N. Y., Oct. 1821, he removed to Crystal Lake, Ill., in 1846, was engaged in mercantile business for some years, then purchased a fine farm, (which still belongs to the family) near Dundee, Ill. Fourteen years ago, in company with his son-in-law, Newton Kendall, he engaged in the hotel business, was in Elgin two years, Crystal Lake two years. A short time since he leased the hotel here to Brewer & Coleman, and freed from business cares, entered into a life of calm and peaceful enjoyment. The colonel will be greatly missed here. Social and companionable, always ready with a friendly greeting to old and young, rich and poor, he was a fitting type of the old fashioned gentleman. He leaves a wife and two children. The funeral services here took place at the Central House Monday at 2:00 p. m. under the auspices of the Masonic Fraternity and Tuesday at Dundee, Ill., Rev. John Scholfield, of Evansville, delivered the funeral sermons at both places. Rev. W. W. Sleeper, of Beloit, gave a very fine discourse in the Congregational church Sunday morning, Rev. Mr. Schofield filling the pulpit in Beloit for Mr. Sleeper. Mat. Broderick has the Evansville Driving park in excellent condition, and some good races may be expected in the near future. The question of the Fourth of July celebration is being agitated, and will doubtless end in a decision, that in the course of human events it sometimes becomes necessary that we throw off the yoke of allegiance to Janesville, and that we import an orator who will paint the firmament red, white and blue, that we have horse races, bicycle races and base ball, and that in all ancient, modern and approved methods we have a celebration that shall make Janesville and other rival villages, metaphorically, tear their hair and weep. H. D. Morgan, lately editor of the Enterprise, is out, and C. A. Libby is in the editorial chair. These gentlemen have ceased to love each other, and when newspaper men declare war it should be spelled with a large W. Claren Jones lately elected village marshal, has resigned, and Charles Brink was elected to fill the vacancy. Henry Hamilton was appointed street commissioner, vice Jones, resigned. Jack Warbuton, the irrepressible, is a visitor here. There are a number of cases of scarlet fever, but none serious. E. Gabriel, of Stewart, Green county, is the guest of Isaac Brink.

MILTON BOY HIT WITH AN AX.

Gash in His Head Made By a Plumber's Mate—Mrs. Perry Dead.

MILTON, May 15.—W. S. Jones' little boy met with a bad accident Friday. His playmate hit him on the head with an ax, cutting a gash in the scalp an inch in length, but fortunately not breaking the skull. Doctors Borden and Crandall dressed the injury and he is doing nicely. Mrs. Perry, mother of Mrs. William Cole died Thursday night. Deceased has been bed ridden for more than a quarter of a century and was eighty seven years of age at the time of her death. The funeral took place from the house Saturday afternoon, Rev. W. T. Miller officiating and the burial was made in the village cemetery. The meeting of the Congregational church held Saturday to take action on the council matter was adjourned for one week. W. B. Miller, son of Rev. W. T. Miller, who has been acting as local secretary for the Y. M. C. A. in New York city for some time, is here enjoying a vacation of some months with his parents and friends. Editor Fricke, of the Janesville Journal, was a visitor here Friday. J. B. Bement shipped a carload of baled hay from this station Friday. W. S. Reese, who had a leg broken in the Menominee railroad accident, was mail agent on the Milton and Mineral Point route for a long time and his acquaintances here are sorry to hear of his misfortune. Candidates for nomination in the republican conventions are coming to the front numerous. Charley Burton, of Delavan, shook hands with classmates and friends here Saturday and Sunday. Hiram Adams, of San Francisco, Cal., Uncle of the Davy Brothers, visited with them this week, his first appearance in twenty-five years. John D. Pickett, of Chicago, spent Sunday here with his wife. The remains of Hulet Story, of Harmony, were buried here Sunday afternoon. A great social upheaval is on the tapis here. The annual benefit of the King's Daughters circle of this village occurs on Thursday, the 24th instant. The festival will be held at the Seventh Day Baptist church, a tempting lunch will be served and a fine musical programme rendered. There will be booths, presided over by fair daughters, which will offer refreshments and goods. A handsome cook book for this event, will be offered

for sale, and as the edition is limited to two hundred copies, those who wish to invest should make an early application. It is the famous "B. L. & O." festival that you have heard so much about, and as the income is to be devoted to sweet charity it deserves and should have the generous patronage of every person in this vicinity, without regard to creed, race or political persuasion. B. H. Welch and wife, of Darien, were the guests of Clem W. Crumb and wife Sunday. On Saturday evening the Iduna Lyceum served ice cream and cake to the Orophilian and Philomathean Lyceums and everybody had a jolly good time.

RUNAWAY IN COOKSVILLE.

Meat Wagon Demolished and Charles Newkirk and Elmer Franklin Hurt.

Charlie Newkirk started out with his meat wagon last Wednesday. Elmer Franklin accompanying him. While returning, and within two miles of town the horse ran into a ditch throwing them both out and dragging Franklin some distance and scratching and bruising him considerably. It next ran against a tree and took the hub out of two wheels and split the meat box and left it on the road. The lines then wound around the wheel and stopped the horse. The I. O. G. T. initiated six in their lodge last Saturday night—Grace Spear, Mary Pierce, Mabel Miller, Willie Gillie, Loyd Porter, Bert Whaley. The officers were then installed for the coming quarter which are: C. T.—Charles Cronin; V. T.—Ella Morgan; F. S.—Ernest Miller; T. William Leaddle; C.—Kate Preston; M.—Chester Gilley; S.—Henry Pratt. Webb Johnson has finished setting out seven hundred and sixty-five grape vines. J. K. P. Porter has also set out a half acre of vines. James Gillies bought four Jersey heifers of Mr. Lee, of Magnolia, for which he paid a neat sum. Oren Viney's children have the scarlet fever. The R. R. W. band played in Stoughton Friday night. Mrs. Leadle is quite sick, her daughter, Mrs. Morgan of Evansville, is taking care of her. Miss Belle Rice is in Janesville, at S. Soverhill's. Miss Lizzie Richardson, of Janesville, is visiting friends in this vicinity. Mrs. Hattie Parish, of Stoughton, was here Wednesday. Frank Coulter and family, of Janesville, were in town Sunday night.

KICKED BY TURTLEVILLE COLTS.

Henry Bostwick, H. A. Jonnston, and T. J. Atkinson Meet With Accidents.

TURTLEVILLE, May 15.—Henry Bostwick was thrown from a colt while going home from the I. O. G. T. social last Friday. No bones were broken. H. A. Johnson was quite severely kicked while unhitching a colt. T. J. Atkinson came near being minus a head. While doing chores he fell behind a colt and barely escaped serious injury. The party of young ladies that went fishing last Wednesday with one fish pole had good success. They caught two fine fish, but whether they caught them on the bank or in the river is left for them to answer. Electrical sparks were seen in the vicinity of a Turtleville front gate last Monday evening.

PAROCHIAL SCHOOLS INVITED TO JOIN.

SUP'T MAYNE HOPES FOR A UNIFORM COURSE.

Semi-Monthly Teachers' Meetings Are Open to Representatives of All Schools in the City, the Aim Being To Bring About Closer Cooperation in School Affairs.

A regular semi-monthly meeting of the Janesville teachers was held in the Lincoln building yesterday afternoon. These meetings are held every two weeks on Monday afternoon and Professor Mayne extends a cordial invitation to all teachers, those in parochial schools as well as those in the public schools.

"I think the meetings are of importance to all," said Professor Mayne. "Many of the teachers in private schools have expressed a desire to attend our meetings, and I wish to assure them that they will be welcome. An effort is being made to adopt the same course of study in the parochial schools as are adopted in the public schools. This should be done. It would be an innovation that would be of great benefit to the pupils, making it easy for them in their transition from one to the other, and it would be appreciated by the pupils of parochial schools after their final confirmation when they re-enter the public schools. You see, a uniform course would permit the pupils moving right along in their studies and they would get through much earlier. Yes, tell all the teachers to attend these meetings, as I believe much good will follow such attendance in the line I have noted."

"BLACK FLAG" WELL GIVEN.

Popular Melodrama Received a Very Satisfactory Rendition Last Evening.

"The Black Flag" was the play presented by the Wilson Theater Company last night. A large audience went away well pleased. Comparison was made, of necessity, with previous productions of the play by high priced companies, but the Wilson Company suffered little from the test. The company will produce for their second performance in this city the well-known melo-drama entitled "The Inside Track."

### STARTING A BALKY HORSE.

Put His Finger in the Animal's Ear With Immediate Effect.

A colored man had just delivered a trunk from a one-horse wagon on N street, Washington, the other afternoon. When he came out of the house and climbed to his seat he had the horse shake himself. The animal apparently did not understand what was said, for his only movement was to place his feet more firmly on the pavement and gave his tail a slight tremor. The driver repeated the command, at the same time adding emphasis to his words by a quick stroke of the whip. It was to no purpose, the horse had balked. The blows fell thick and fast on the beast's back, but the horse had apparently come to stay. The man climbed down from his seat and began work on the other end of the obstinate creature by pulling at the bridle and speaking heavily loaded sentences into the auricular receptacles of the horse. The only effect noticed by the News man was that the horse pressed its feet so closely to the cobble stones that it almost crushed its shoes. Many were the modes of moving his horsheship advanced by the bystanders. At last some one suggested that a fire built on the pavement beneath the animal would be calculated to make him move. It was to be tried as a last resort. A bunch of shavings and some small sticks were placed under the horse, and the driver was just going to apply a match to the pile that was intended to melt the animal into action when a stranger who had been noticed joining the crowd a few minutes before stepped up. The newcomer's browned face and hands, stout boots and broad hat suggested that he had come from the rural districts.

"Hold on there," he said to the driver as he stepped out into the street, "that ain't the way. You climb back into yer wagin an' I'll start the creature." The negro did so. "I ken start 'im," said the man as he stepped to the horse's head and began patting him on the neck. Then, without further words, he thrust his finger in the animal's ear and pulled gently. The horse shook his head once or twice in a vain attempt to get away and then started to move off. As it trotted away around the corner the farmer was heard to exclaim: "B'gosh, that moves 'em every time."

**WOMEN AND LIONESSES.**

Same Qualities Which Make a Good Husband Make a Successful Trainer.

John Penji, the trainer of the Hagenbeck lioness, Helene, is a true philosopher, and he has a theory that will bear inquiry. He says that lionesses are like women and that a lioness tamer worthy of the name must be a man who understands womankind.

One does not usually go to an animal show for philosophy, but Mr. Penji has been in the business for twenty years, is married, and his life in both respects has been successful.

"The trainer of wild beasts," he said, "must be a philosopher, or else he is a failure. He must have reason for everything he does and he must do very few things that are foolish."

"Once there was a lion tamer somewhere who thought that because he could make his beast jump through a big hoop, that he could make him do anything. One day, without previous training, he tried to make him open his mouth and let him put his head into it. That was folly. No philosopher would have dared to do such a thing. He never did it again. History records the fact that after the lion had received the trainer's head into its mouth, the animal neglected to return it."

Continuing his theory of the subject, Mr. Penji said: "The nature of a lioness and that of a woman are almost identical. Treat a woman with honesty, confidence and nobility of character and she is your friend. She will even sacrifice self for you, and the same is true of a lioness."

"The lion tamer must show himself as upright, honest, painstaking and of even temperament. He must be gentle yet firm, and let her see by his actions that he is fair-minded and painstaking, that his interests are hers, and before he has been training the lioness one year he will see that, like a woman, she will go out of her way to do him a kindness, which will effect him, if he is an honest-minded man, as though some woman had done something for him. He must not, however, attempt to go into the business unless he has a thorough knowledge of his temperament. This fact, one might say, is also good advice when contemplating matrimony."

"It is easier to get married than it is to become a lion tamer, and sometimes it is about as risky. But I hold that if there was some provision in this world which would make every man who is contemplating matrimony go through a course of taming a lioness there would be fewer divorces and very many better husbands. One of the reasons of this is that training a lioness teaches a man emphatically that while he has a will of his own he must to a certain extent bow to the wishes of the other."

"A lioness is like a woman in this respect; when she will she will, and when she won't she won't. Once a lioness makes up her mind not to do anything you can no more force her to change her mind than you can upset the elements, and any one who attempts to do so makes a mistake as an animal trainer as well as injures the good qualities of his lioness."

Peter the Great Pulled Teeth.

Peter the Great particularly delighted in drawing teeth, and he strictly enjoined his servants to send for him when anything of that sort was to be done. One day his favorite valet de chambre seemed very melancholy; the czar asked him what was the matter. "Oh, your majesty," said the man, "my wife is suffering the greatest agony from toothache, and she obstinately refuses to have the tooth taken out." "If that is all," said Peter, "we will soon cure it; take me to her at once." When they arrived, the woman declared that she was not suffering at all; there was nothing the matter with her. "That is the way she talks, your majesty," said the valet; "she is suffering tortures." "Hold her head and hands," said the czar: "I

will have it out in a moment." And he instantly pulled out the indicated tooth with great dexterity, amid profuse thanks from the husband. What was Peter's indignation to discover a little later that his valet had used him as an executioner to punish his wife, who had never had an unsound tooth in her head.—Argonaut

SOME WELL KNOWN FACES.

PLAYED BALL WITH \$60,000.

Amateur Actors Find a Parcel, But Don't Discover What It Is Worth.

Jacob Tome, the millionaire bank president and philanthropist of Port Deposit, Md., absent-mindedly left on his seat in a train a package containing \$60,000. The members of an amateur theatrical company played ball with the parcel without knowing its value.

Mr. Tome was on his way home from Washington, where he had sold \$60,000 worth of bonds. He tied the money up in a small newspaper package to avoid suspicion, and left it on the seat when he got off at Port Deposit.

The Port Deposit musical and dramatic association got aboard, and two of the members occupied the seat that had just been vacated by the aged financier. They found the package, which was tossed to and fro about the car by the members of the company.

When they got off, leaving the package behind, the conductor, thinking it was theirs, wanted to throw it to them, but the train had gone too far, so he carried it back into the car. When the train reached Nottingham a telegram was received from Mr. Tome asking the conductor to keep the package for him until he called for it.

THE GERMAN TRIUMPHED.

His Enemy Had Borrowed the Money With Which to Sue Him.

An Irishman brought suit a few days ago for damages against a German in Wilkesbarre, Pa., claiming that the Teuton caused drainage to injure his property. Everything seemed to favor the plaintiff until the defendant was put upon the stand to testify in his own behalf. And he testified thus:

"Shudge undt shentlemens off de choory, I keeps a grocery store undt der defendant runs up mit me a pill aff \$90. Von tay he gomes around undt say he haf to get \$100 gash, pritty quick, right away. So, shudge undt gentlemens off der choory, I haf no \$100; but I goes undt to oplige, him undt gifts my notes mit tree peoples undt gets de \$100 undt hands it to him."

"Undt, shudge undt shentlemens, vat you tink dat defendant does? He bays it mit a lawyer undt brings der suit mit me for tamage!"

The jury, without loss of time, brought in a verdict favoring the German defendant.

## Hooping Up

we sell at half a dollar.

TOO MUCH WIND

Is being wasted by our competitors, who lead in everything (Fairy tales not excepted) as to the immense amount of business that they are doing—on paper mostly—

by selling their wares less than cost. Merchandise that must be sold for less than the cost to manufacture must be exceeding poor or of such an antique date that any price is gain.

We do not have that kind of goods in our place. We are making up many suits—busy all of the time and making some profit—the reason is that our customers get honest value for their money—any who have ever dealt with us can verify the above.

IN HATS

We always were in advance on new things—selling so many keeps our stock bright and clean. If we would let the old timers accumulate we would gladly take 50 cents on the dollar for them. Our new straws are in and are charming. Some beauties at 50 cents. One price to all and everything marked in plain English figures.

## DOWN INTO A BANK THIEVES DROPPED.

ROBBERS' DARING DEED IN  
BROAD DAYLIGHT.

Sawing Through a Bank Ceiling They Gain Entrance to the Directors' Room But Get No Plunder—Scarlet Fever on Main Street—Doings of the City Folks.

ROBBERS dropped through the ceiling of the Bank of Edgerton at noon today armed with a full burglar's outfit. Nobody knows who they were or where they came from. They forced an entrance to an empty office over the director's room, sawed through the floor joists during the night and when the bank was closed for the noon hour they dropped down by means of a rope ladder. They evidently supposed the vault was left open during the noon hour but here they were fooled. The vault was locked. There was no time to blow it and the thieves climbed back by the rope ladder and escaped empty handed. The ladder was left but there is no other clue. Nobody saw the thieves at work but some remember seeing suspicious parties around town in the last day or two.

## ASSESSORS FIND FACTORIES EMPTY.

HOW THE BOWER CITY'S TAX  
IS DIVIDED.

Horses Are Estimated at \$40 and Bicycles Are Listed with Other Personal Property—Warehouses That Were Full Last Year Now Have Plenty of Room To Let.

The local assessors are busy collecting dates from which the values of property are to be fixed for the year 1894. There will be very few changes in values from those fixed in 1893 the principal changes will be in the manufacturing establishments. Last year these factories were all running at nearly full force; and had their warehouses on May 1, full of manufactured articles. They are idle now or nearly so, and their warehouses have plenty of room to let. The loss of values in this class of property will no more than be off set by increase of other new buildings.

"I think the total value of the real and personal property will be about the same as last year," said one of the assessors. Live stock will be assessed at the old rate, horses at \$10; yearling colts at \$10; two-year-old colts at \$20; cows at \$15; two-year-old cattle at \$10; yearlings at \$5; hogs at two cents per pound; sheep at \$1.

The city assessors will include bicycles as personal property the same as carriage. However, some may be in the possession of minors, and then it is a kind of property which changes hands very often. For instance there is hardly a rider in this city who is riding the same wheel he did last summer.

FUNERAL OF DR. S. A. POND.

At the conclusion of the services at the home the remains were taken in charge by the Odd Fellows, the burial service of the order being used at the grave. The grave in Oak Hill was walled up with brick, a large stone slab being used as a covering, which was covered with earth, thus leaving the family burial lot perfectly level.

The honorary bearers were J. M. Bostwick, Cyrus Mier Dr. J. B. Whiting, C. W. Hodson, John Watson, B. B. Eldredge. The active bearers were from the Odd Fellows Lodges, they being R. J. Richardson, R. M. Bostwick, W. H. Grove, C. D. Child, E. B. Helmstreet and W. J. McIntyre. At the grave A. H. Taylor served as Noble Grand, and Alfred Dewey as chaplain.

## FIRE MAY RESULT IN DEATH

Ed O'Leary in Critical Condition in Consequence of the Ellison Blaze

Ed O'Leary who who worked so hard at the Ellison fire in Rock is in bad shape. He toiled so vigorously that when the flames finally drove him out he fell exhausted. His face turned black and he began to get cold. The doctor was called but he did not give much hopes of his recovery. Andrew Ellison, owner of the house was quite badly burned about his hands, arms and face, but is able to be about.

Mr. Ellison was seventy nine years old May 12. His daughter, Mrs. Martin Zienow, having just passed her birthday had planned a little party as a celebration of both anniversaries, but when the company gathered they found the home in ashes. They could only help to move such goods as were saved to Patrick Tracy's house where Mr. and Mrs. Ellison will make their home.

When the fire broke out the wind was in the south and so blew the cinders and fire north. Had it been in the east the windmill, cornhouse, granary, barn and carriage shed would all have gone.

Mr. Ellison thinks of building as soon as possible on the same wall.

## BIGGEST TAX SALE SINCE BUCHANAN

TREASURER BURDICK DISPOSED OF 618 PIECES.

The Days of the Last Democratic President Before the War Are Forcibly Recalled—Not in Thirty Years Has There Been Such an Offering.

The biggest tax sale in Rock county since the administration of James Buchanan drew a crowd to the court house today.

County Treasurer Burdick assisted by City Clerk George H. Bates, conducted the sale, which commenced at 10 o'clock and closed at 2:30. Six hundred and eighteen parcels, embracing farms and city and village lots, in all parts of the county were sold, in nearly every instance the property being taken for the 1893 taxes and charges, without division.

Most of the property was taken by speculators in tax titles, they being Richard O'Donnell and W. H. H. MacLennan, of this city; J. B. Dow, of Beloit; S. S. Northrop, of Clinton; L. B. Gregory and S. W. Treat, of Escford. Other parties were bidding for friends George H. Bates, of this city, W. H. Gates, of Milton, being among the number. The sale was a vivid reminder of the blessings of democratic times.

## PRaise the Shaw FOR MANY MERITS.

FAMOUS PIANISTS PRAISE THE  
GAZETTE PRIZE.

Everybody Who Has Examined the Instrument at S. C. Burnham & Co's Says the Things Said in Its Favor Were Justified—Conditions of the Contest.

What is thought of the Shaw piano by pianists, vocalists and teachers. This is not hard to find out.

When The Gazette chose an instrument it picked out the best to be had. The girl who wins this instrument may well rejoice. Here are a few statements published in St. Paul papers by those who have used the Shaw:

OSCAR L. LIENAU, tenor singer and teacher of the voice writes:  
ST. PAUL, MINN., AUG. 2, 1892. GENTLEMEN: I am extremely pleased with the Shaw Piano, which I purchased of you. I have used it for some months and consider it a superior instrument. Its clear full tone and elastic touch is a delight not only to myself, but to my many friends, its sweet singing quality being especially noticeable, and I shall be pleased to recommend it to my pupils, etc. I am, yours respectfully,  
OSCAR L. LIENAU.

Frederick Leavitt, the expert piano tuner:

ST. PAUL, MINN., MAY 1, 1892. GENTLEMEN: As compared with other first class instruments, the Shaw piano has the charming characteristics of each—all in one. Not a break in the scale. No rattling in the action. Never harsh nor metallic in tone. Stays in tune. Such is my admiration for the piano that I would not trade "even up" for any upright made. My own Shaw has not required any attention during the past year and is in almost perfect tune now. Yours respectfully, FRED. LEAVITT.

Professor William Manner, organist at the Cathedral and leader of the German Mannerchor Singing society says:

ST. PAUL, MINN., MAY 6, 1892. I admire the Shaw Piano very much. Their construction is most excellent, the tone is round, rich and mellow, and altogether I consider them one of the very best pianos made today in this country. I can cheerfully recommend them. Respectfully yours,  
W. MANNER.

Those who wish to learn for themselves the quality of piano offered by the Gazette are urged to visit S. C. Burnham & Co's store. Several patterns of the Shaw are there shown. These instruments rank in the markets of the country just as Chickering's, Steinways and Knabes, the four occupying first place. Everybody who has seen the Gazette piano is enthusiastic in its praise. It has a pure ringing tone, and its action is very fine. These qualities are what would be expected of a Shaw piano and The Gazette made no mistake in choosing that instrument.

Friends of contestants show a lively interest in the success of their favorites and votes are coming in rapidly. New subscribers should be reported as fast as secured, but coupons should be tied in bundles of one hundred each and kept until the day the competition closes. Votes have been cast up to date, for the following candidates:

In every instance they must be bona fide new subscribers.

We will be square with you, you must be square with us. No person will be allowed to stop his paper on

Monday and start it again Tuesday and claim the premium offered.

The polls will close at 9:00 p. m., June 30, but votes handed in before this will be duly credited. The contest will be conducted strictly "on the square." No partiality or unfair advantage will be taken or allowed in any case.

### Why He Rejoiced.

"How welcome these signs of spring are!" he sighed.

"Why, John," exclaimed his wife, "you are getting positively poetic."

"No, it isn't poetry at all. My joy is due to the practical fact that in spring a man can take the best remnants of his last winter's clothes and strike an average."—Detroit Tribune.

### Tossing on the "Briny"

Is very far from amusing, untraveled reader, I so be you are one. A rebellion fomented by each mountainous wave that smites the vessel's hull threatens absolutely to dislodge your very vitals from their natural resting place, and a nausea so frightful that it would reconcile you to a termination of your sufferings by shipwreck harasses you. Well for you then, or rather before this crisis, if you are provided with Hostetter's Stomach Bitters, a swift remedy for and preventive of the nausea of travelers by sea or land, nervousness caused by the vibration of the screw of a steamer or the jarring of a railway train, and an antidote to bowel, liver and stomach troubles caused by impure water and unaccustomed food. The Bitters also, counteracts the effects of a fatigue and exposure, and is a safeguard against malaria, rheumatism and kidney trouble.

### Are You Getting Bald?

If you are becoming bald or should your hair be falling out, you should at once consult a first class specialist, one who has had years of experience in training the hair. Or if your beard is falling out, you owe it to yourself to attend to it at once. Professor Birkholz, the well known hair specialist, 1011 Masonic Temple, where he may be consulted free of charge and in private. After a thorough examination, which will cost you nothing, he will explain your case, and should you be satisfied, he will treat you upon a guarantee to cure or ask no pay. Call or write Professor Birkholz, 1011 Masonic Temple Chicago.

Hand this notice to any first-class druggist and he will get the remedy for you at once, if he has not got it in stock.

## Catarrh

COLD IN THE HEAD

relieved instantly by one application of

Birney's Catarrh Powder

REV. FATHER CLARK, Sec'y to the Rt. Rev. Bishop of Columbus, Ohio, writes:  
GENTLEMEN:—I cannot say enough for your Powder. It has cured me of an aggravated attack of catarrh when nothing else could help me. Am delighted with it. All my friends to whom I administered samples are quite enthusiastic over it. The good sisters speak most encouragingly of their use of it in the Hospital under their care. I will do anything to speak a good word for the remedy to help others who are suffering.

M. E. FERGUSON, Custodian U. S. Appraiser's Store, Chicago, writes:

GENTLEMEN:—Being almost entirely deaf for a number of years past and getting no relief from many so-called cures which I tried, was induced by a friend to try Dr. Birney's Catarrh Powder for my deafness. Have recovered my hearing entirely, so that I can now hear a watch tick plainly, it being held 15 inches from my ear. I took upon it as a positive cure for deafness and have recommended its use to many of my friends and can say I have never heard of a case where it has failed to relieve.

## THE HOUSE OF LORDS.

Personnel and Powers of Great Britain's Unpopular Legislative Branch.

The English house of lords (or peers) consists of the whole peerage of England and certain representatives of the peerages of Scotland and Ireland; but many of these last two have English titles which give them seats in the house. As, for instance, the duke of Buccleuch, a Scotch peer, sits as earl of Doncaster, and the duke of Leinster, an Irish peer, as Viscount Leinster. According to the latest official list, exclusive of twelve minors and one baron, whose claim is not established, the present house of lords is composed as follows: Five princes of the blood, two archbishops, twenty-one dukes, twenty-two marquises, 115 earls, twenty-five viscounts, twenty-four bishops, 304 barons, sixteen Scottish representative peers elected for each parliament, and twenty-eight Irish representative peers elected for life. In all, 560. All peerages are now hereditary, but until 1856, there were occasional creations of life peerages. In that year, however, it was decided that such peers could not sit in the house, and since then none have been made. Peerages are lost by attainder for high treason, and an attained peerage can only be restored by act of parliament—not by the crown. The house of lords may originate legislation of all kinds—except money-bills, which must come from the house of commons. The former also has a veto power upon the legislation of the latter and can throw out any bill from the lower house, no matter how large a majority it has received there. It is this veto power which, more than any and everything else, makes the house of lords unpopular with the great mass of voters.

## A COSTLY TIMEKEEPER.

A Gorgeous Present Sent to the Emperor of China.

One of the most wonderful timekeepers known to the horologist was made in London about 100 years ago and sent by the president of the East India company as a gift to the emperor of China. The case was made in the form of a chariot, in which was seated the figure of a woman. This figure was of pure ivory and gold, and sat with her right hand resting upon a tiny clock fastened to the side of the vehicle. A part of the wheels which kept track of the flight of time were hidden in the body of a tiny bird, which had seemingly just alighted upon the lady's finger. Above was a canopy so arranged as to conceal a silver bell, fitted with a miniature hammer of the same metal, and, although it appeared to have no connection with the clock, regularly struck the hours, and could be made to repeat by touching a diamond button on the lady's bodice. In the chariot at the ivory lady's feet there was a golden figure of a dog, and above and in front were two birds, apparently flying before the chariot. This beautiful ornament was made almost entirely of gold, and was elaborately decorated with precious stones.

## The Columbian Bell.

The Columbian bell which sounded its prophetic note at the opening of the parliament of religions at Chicago during the Columbian exposition is to be taken to Jerusalem to sound a note of praise at the close of the nineteenth century of the Christian era. The unique proposition is made that the bell shall be taken to the Holy Land, and on Christmas eve, 1899, connected by cable and wire with all parts of Christendom, so that the 1900th anniversary of the birth of Christ shall be celebrated by all the world at the same instant.

## Railroad Ballasted With Silver Ore.

Everyone has heard that mahogany railroad ties are used very largely in Mexico, but not many people are aware that on one of the lines the ties are of ebony, and that a low grade of silver ore is absolutely used for ballast. Of course the explanation is that the ore did not pay to work, but this does not remove the impression of lavish extravagance which the first glance of this luxurious roadbed creates. More remarkable still, perhaps, is the beauty of some of the marble used in the bridge construction.

## Found an Exception.

"This law of compensation, my boy," grumbled Uncle Allen Sparks, "doesn't run through everything. Now there's my neighbor Shawcross. He's as lean as a scarecrow and I weigh over 200 pounds. His health is just as good as mine, he enjoys life fully as well as I do, we're worth about the same amount of money, and it only costs him half as much to buy a suit of clothes as it costs me. And they last him twice as long, blame him!" added Uncle Allen, in the tone of an injured man.

## Their Religion.

There is a family in Oregon which has a peculiar religious faith. Each member of it is obliged to take six baths every twenty-four hours. No outsider is allowed to enter their dwelling. They work every day for six years and rest the whole of the seventh year. They base their religion on the bible and claim that all other religions are false.

## FOREST PARK.

As spring time is with us again, the Forest Park people would like to say to you that they have choice lots still for sale on the water mains and near the electric car line, where you may obtain a home in the pleasantest part of the city, on easy payments, monthly or quarterly, as you desire. There are no lots in the city as near by selling for the small amount of money as these. Why not pay the money towards a home you are now paying for rent? Transportation will be furnished to look at the property. Go and look at them. For terms call on or write to
